[Testimonials]

Here's what a few of our clients have to say about Anderson Business Advisors

Myra B.

Anderson Business Advisors are amazing. I am an attorney and have been really impressed with the quality of their documents and workshops. They've set up numerous entities for me, have always been available to answer my questions and file all my taxes, business, and personal.

Gene L.

Best group of lawyers and accountants around – the only ones I've ever liked! Exceedingly knowledgeable about asset protection and tax minimization strategies.

Nathan N.

Great, all-around service that would be truly hard to find anywhere else in the country. I would highly recommend their services.

Before you go...

What You Need to Know About Asset Protection

Wealth is like a tree. It takes years to grow but only hours to chop it down.

On your road to building great wealth with RAL investing, you can't afford to have a frivolous lawsuit, a creditor, or an audit take you down.

This is why you need an entity (LLC, Corp, or QRP) to protect your the that you generated from your new growing business. (Your insurance policy cannot provide all the protection you need when investing in RAL.)

While RAL is a fantastic investment for years to come, you still need to protect your assets *before* the unexpected happens.

Creating an LLC around your business is like building a large stone wall (with a moat) around your real estate investment. Unlike your standard insurance policy, an LLC makes your RAL home a fortress that is nearly impossible to penetrate. The slings and arrows of lawyers and creditors will easily bounce off.

Don't shrug off asset protection.

As a reminder, here's what you get on the asset protection side of this incredible package.

One Entity (Corp, LLC, or QRP) (retails for \$2,750). An entity structure is a protective wall around your RAL home. You need this before you start investing, negotiating, or even *looking* for a RAL home.

Two Tickets to an Upcoming Live Anderson Event (retails for \$1,990). The more you know, the more you sow... with confidence and security! To provide the best protection for yourself

and your RAL business, you need to know everything there is to make RALs much more profitable by protecting what you already have and lowering your taxes.

Platinum Program (normally \$2,500 to start up) If you have any questions about protecting your assets and lowering your taxes for your RAL or any other investments, you will certainly find your answers here.

You will get additional training and **access to real attorneys** who have real answers about real estate investing, asset protection, and tax reduction.

Normally, this Platinum Program is \$2,500 to get started, but today—right here and right now— that fee has been waived. The only thing you pay after that is just \$35/month. That's it!

Don't hesitate any longer. You won't find such an incredible offer ever again. Your future deserves this.
